Friday, 3rd March 2017

Dear Parents and Carers

It gives me great pleasure to write to you on behalf of the Governing Board to tell you that the Governors invited Mrs Majcher to stay on as our interim Head Teacher for a further Academic year until August 2018. I am delighted to say she has accepted our invitation.

The Governors are fully aware of some of the concerns that have arisen for you from the frequent changes of leadership since 2015. This news means that we are now able to move forward together to develop the school in a stable situation.

Mrs Majcher will be leading the school and developing the partnership with you as parents and carers over the next couple of years.

I know many of you will already have met Mrs Majcher in the mornings, pickup time or at parent assemblies or will do so shortly at the forthcoming Parents' evenings.

Your contribution through your help with your children's learning at home and participation and support for various activities in school is recognised and most welcome. We thank you for this because we all know that parents and school working together make it possible for your children to have the most happiness and success at school.

Yours sincerely

Chair of Governors
Carrington Junior School
